

3. Provide a 300-word statement about your interest in ecological restoration, including scholarly and professional goals.

4. If you would like your application to be considered on the basis of financial need as well as scholarly excellence and academic relevance, please provide a brief statement about your financial circumstances.

5. List two people who have been asked to write letters of reference on your behalf in support of this application. At least one of these must be an academic reference. Advise your referees of the application deadline and mailing address, listed below. Please ask your referee to address your suitability for this scholarship and your academic record. Referees must mail letters directly to the address below.

Name	Affiliation	Contact (phone or email)

6. Include the following three attachments:

- i. a current grade report, such as a printed copy of online academic performance records, or a statement from a program administrator (official transcripts are acceptable but not necessary)
- ii. confirmation of Canadian citizenship or status as a landed immigrant (a copy of passport, birth certificate or equivalent document)
- iii. confirmation of enrollment in a Canadian college or university (a letter from a program administrator or equivalent document)

7. Sign your application

I guarantee that the information included in this application is accurate and truthful. If my application is successful, I agree to allow my name to be announced at the SER Ontario annual general meeting, a brief profile and photograph to be published in the SER Ontario newsletter.
